MEDIA STATEMENT

29 October 2025

Nulsen Disability Services is delighted to announce the appointment of Ms Kerry Fryers MAICD and Mr Colin Jorgensen as Non-Executive Directors to the Nulsen Board.

Both Ms Fryers and Mr Jorgensen bring a wealth of experience from the community sector to their roles, adding further depth and knowledge to Nulsen's strategic oversight.

Ms Fryers has served in operational and leadership roles for more than two decades, most recently as the Founder & Principal Consultant of risk, quality and governance support consultancy, More than Quality.

Passionate about people with disability having access to services that add meaningful value to their life, Ms Fryers strives to support this through stronger governance and leadership.

"Nulsen's purpose and long-standing commitment to quality services resonates strongly with me," Ms Fryers said.

"I look forward to sharing my expertise on strategic insight, governance, and a collaborative approach that balances compliance with innovation, while keeping the individual at the centre of decision making."

A strategic leader with 30+ years' experience in business development and community impact, Mr Jorgensen is passionate about helping organisations and individuals realise their potential.

Mr Jorgensen is Chief Executive Officer of Business Station Inc., a not-for-profit training, mentoring, and advisory organisation, as well as Chair of Foxglove Project, a social enterprise that empowers women in developing nations through sustainable business and education initiatives.

"I sought a role on the Nulsen Board out of a strong belief in the organisation's enduring purpose and the impact it has made across generations", Mr Jorgensen said.

"I've followed Nulsen since the early days and have first-hand family experience of the difference quality disability accommodation and care can make in people's lives – it's immense."

Nulsen Chairperson Ms Bernadette Celliers welcomed the new Board members at their first meeting today.

"Colin and Kerry are a wonderful fit for our Board, bringing leadership expertise, professional insights and personal understanding to their roles", Ms Celliers said.

"On behalf of the Board and the entire Nulsen team, we warmly welcome Colin and Kerry and look forward to their part in our continuing empowerment and support of people with disability".
